MEDIA RELEASE

4 May 2021

Building the LDC Operational Leadership to deliver on local projects

The LDC is pleased to announce the formalisation of two key leadership role within our team.

Pedro Nawia has been promoted from within the LDC's Grounds Maintenance team to lead the team as the Operation's Coordinator. Pedro has worked with LDC for over 10 years and brings a depth of knowledge on our grounds and lawn care services. Pedro has become a firm favourite with many of our clients over the last decade with his focus on client care and consistency in service.

We look forward to seeing Pedro establish himself in this new role. His key objectives over the next twelve months are to increase consistency in client service and expand LDC's services to provide more career opportunities for those looking for a career in commercial grounds maintenance and lawn care.

Kim Haynes joins LDC in the newly established role of Labour Hire Manager. Kim is responsible for managing the LDC's labour hire services and team. With our contracts expanding in the labour hire sector, Kim will be taking on a vital role of working with our labour hire clients to place LDC people into roles on their sites. LDC currently provides labour hire services to the oil & gas, construction, and local government sectors.

Kim has had a dynamic career that ranges from hospitality to contracting, and brings a wealth of industry and client service experience. Kim looks forward to working with our clients to create career opportunities for locals through LDC projects.
